IMPORT TRADE CONTROL

New Delhi, the 24th November 1949

#### PUBLIC NOTICE

Subject: --Interviews with the senior officers in the Chief Controller of Imports Office.

- No 18 (138)-1TC/49.— The principles governing the grant of licences the heening period July/December 1949 were issued only on the 13th September 1949, the delay being due to problems of which importers are well Shortly after the issue of this, the position was worsened by devaluation and the problems raised by it. As, however, the licensing period is coming to a close and this office has received thousands of applications and more are pouring in, this work can only be cleared, within a limited period, if the officers devote tehir full time or almost their full time towards the disposal of the applications and connected correspondence For this reason it has become essential to regulate interviews more closely and it has been decided that with immediate effect interviews with senior officers in the office of the Chief Controller of Imports will be permitted only on alternate days i.e., Mondays, Wednesdays and Fridays only. In the grant of such interviews actual users will be given prior consideration.
- 2. So far as the Enquiry Officer is concerned, the representatives i.e., Managers, Directors, Partners or whole time employees will be at liberty to call on any of the working days between 10 A.M. and 1 P.M. for any general information. If such representatives wanting to get information about the progress of the case would fill in the required interviews slip and furnish detailed information as is required therein so that the requests can be considered as expeditiously as possible the Enquiry Officer himself will endeavour to obtain the necessary information after two or three days after the interview slip is presented from the senior branch officer concerned.
- 3. It is hoped that all concerned will appreciate the situation and desist from seeking interviews outside the period indicated; this will prevent avoidable delay in the disposal of work, which is the primary concern of those seeking interviews.

S. JAGANNATHAN, Joint Secy.
